

COMPANY PROFILE

VISION

To become the leading innovator in the marine and industrial industry.

MISSION

To provide excellent services to our clients.

OUR VALUES

- Commitment to excellent service
- Continually enhance one's level of expertise
- Responsible to take the consequences of one's action
- Practice unity to attain worldwide achievements

HISTORY

HOPE Marine and Industrial Solutions, Inc. is composed of highly skilled individuals dedicated to provide its customers with the highest level of quality service.

In 2008, HOPE Marine and Industrial Solutions, Inc. was envisioned by a young and talented naval architecture and marine engineering student Mr. Erick De Guzman. Four years later, he formalized the company with the help of Chief Engineer Ricardo De Guzman who had been in the Marine and Engineering Industry for over 30 years.

Home Marine and Industrial Solutions, Inc. (HMI) has built one of the powerful combinations of shipbuilding, ship repair and fabrication expertise in the Philippines. Since then, the company had served excellently to several clients.

For 2 years, HMI has the technical expertise, qualified workforce and facilities to service your marine vessel requirements. From ship design and ship building to fast efficient ship repair, installation and general refurbishment.

HOPE Marine and Industrial Solutions, Inc. Shipyard (HMI Shipyard) is located at Tanza, Cavite City situated at the entrance of Manila Bay.

Our Sales Office is located in Malabon City for it is very near to the country's capital for easy access to our clients.

HMI Shipyard operates to international standards servicing local and international clients.

HMI Shipyard's management and engineering team is supported by industry partners and a local workforce, has secured its place in the country as a competitive alternative for ship and yacht owners worldwide.

CAPACITY

HMI Shipyard has a lot area of 10,000 square meters and can accommodate three 2,000 tonnes vessel at one time.

HMI Shipyard has complete facilities for on-site ship repair, maintenance, fabrication and designing.

HMI Shipyard handles emergency dockings 24/7, coordinates in-house logistical support by air and sea and provides onsite security personnel as well as crew accommodation and mess facilities.

SERVICES

HMI Shipyard has a qualified labour force of over 200 employees including our partners in the industry with vast experience in ship design and construction, marine repairs, marine engineering and other marine projects.

Slipping

- Marine Railways
- Service bays provide full reticulation of fresh water and salt water, power and compressed air to each maintenance berth.

- Deep-sea seal replacement
- Valve servicing and repairs
- Propeller repair and balancing
- Engine and gearbox replacement
- General marine fittings
- Marine pump rebuilding and repairs

Fabrication & Welding

- All modern welding facilities
- Stainless welding
- Aluminum welding
- Hull and structural framework
- New fabrication (both marine and civil)
- Fiberglass Reinforced Plastic Construction (FRP)

Machine Shop

- Fully-equipped machine shop
- On site portable line boring
- Valves and pump repair facilities
- Shaft repairs
- Large lathe capacities
- Engine overhauls

Electrical Shop

- Motor repair
- Regulator overhauls
- Cable replacement
- AC/DC rewinding
- Electronics installation
- Alternator Repairs

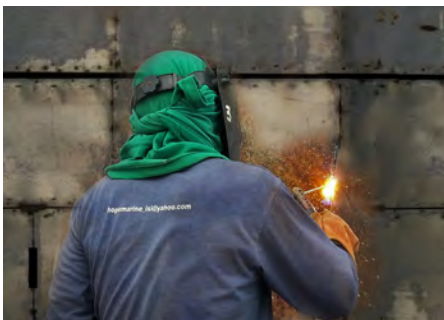

HMI
SHIPYARD

Painting

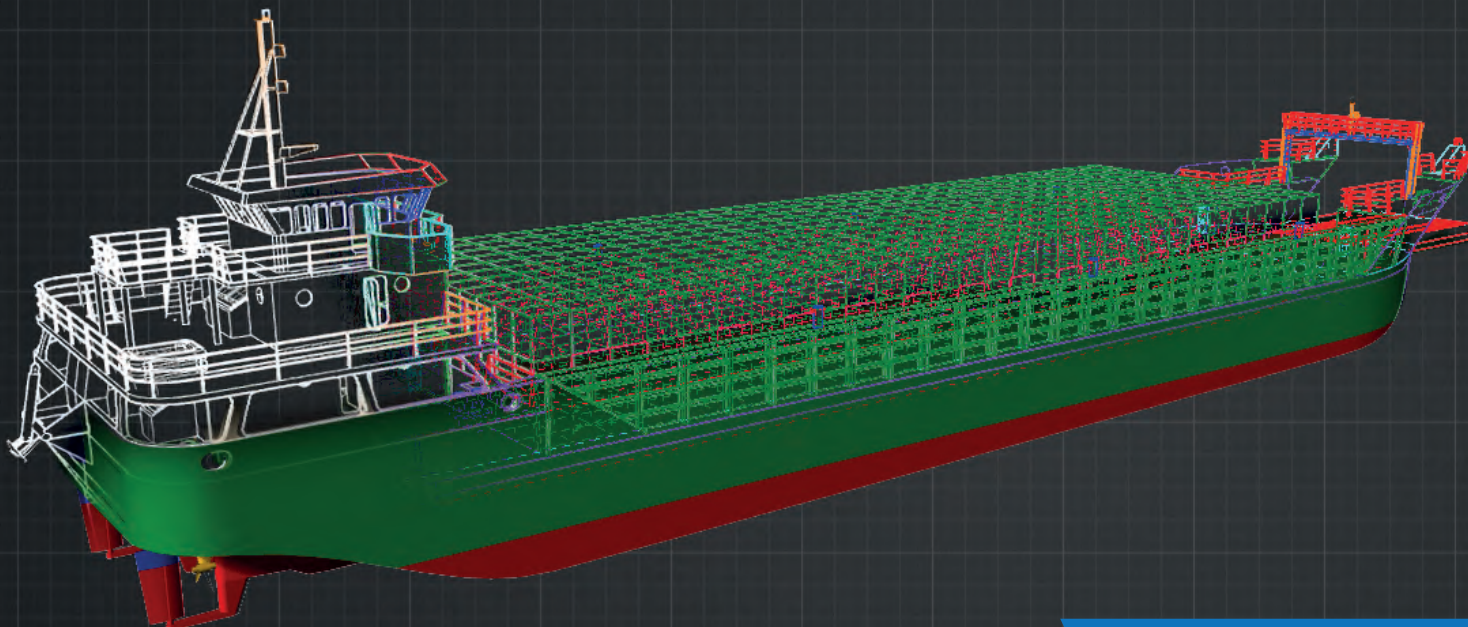

- Water blasting (3000 to 8000 PSI machines)
- Grit Blasting
- Airless spray system
- Application of all marine coating
- Sign writing
- Technical backup and specification

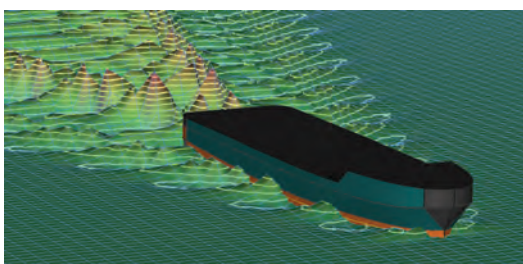

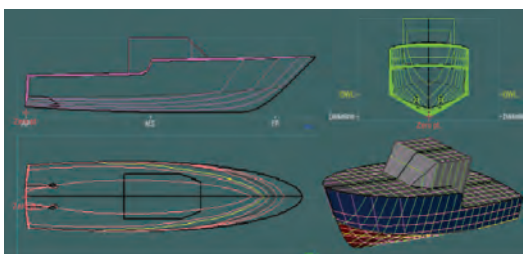

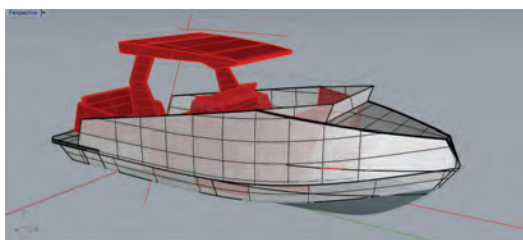

Support Service

- Carpentry shop – boat chocks, bilge blocks, timber decking, floor tilling, panelling etc.
- Fire and safety equipment supplies and services
- Air-conditioning and refrigeration repairs and services
- Hydraulic repairs, service and replacement
- Bulk water supplies
- Salvaging

HMI
SHIPYARD

Naval Architecture & Marine Engineering

- 3D Design and simulation using state of the art software
- Hull design using finite element analysis software
- Conduct inclining experiment
- Research and development for rescue boats, leisure crafts and amphibious vehicles
- Software used: Autocad, Maxsurf, ShipConstructor, Rhino 3D

PRODUCTS

- Cabin Cruiser
- Speed Boats
- Rescue Boats
- Kayaks
